MEMORANDUM FOR: [REDACTED]

Intelligence Coordinator, O/DDI

SUBJECT: IAC Agency Contacts for NSC Briefing Material

1. You will remember that OIC was approached by Lieutenant Colonel Sirles (131-74801), who inquired whether we could not inform G-2 on Mondays as to matters which the DCI might be raising at Tuesday's IAC for his use at the NSC briefings on Wednesdays. You were kind enough to undertake to inform G-2, when possible.

2. Subsequently, General Cabell indicated that he thought this service, with attendant helpful results for the DCI, should be extended to Air, Navy and State. OIC has sounded out each of these agencies, they all wish to be so informed, and feel it would make them better able to assist the DCI. Those to be contacted, and their extensions, are as follows:

Department of State - Mr. Trueheart [REDACTED]

25X1

ONI - Captain Reed (131-76071)

AFPOIN - Colonel Grant (131-72788)

3. It has also been suggested that the remarks of IAC members at Tuesday meetings might well be immediately noted in a short memorandum for the DCI's use in preparing his NSC briefings. The IAC minutes are produced too late to achieve this purpose. We understand that you will attempt to attend IAC meetings for this purpose.
